RECOMMENDATION LETTER

I express my deep respect and gratitude to Alexander Sevryuk for his great support and professional assistance in the implementation of the project of the children's entertainment center "Madagascar" in the regions, in 2011, as well as for the huge help in further relocation and implementation of the project "GamePark" in Kiev, opened in December 2015. Working hard on these projects, Alexander helped to reach through all the stages for the business creation, starting from creating of the name, brand, negotiations with landlords, renovation works, and up to the first guest (client). Also he provided the full service support and supply of all consumables for the entire period of the project.

Even in the conditions of the quarantine restrictions, when all the entertainment centers in Ukraine were closed, I asked for help to Aleksander and within the joined efforts together we updated the Game Park project, which made it possible to increase the profit of the entertainment center, during those periods when the centers were allowed to operate.

For today Alexander is my partner at GamePark project and he is engaged for its global managing.

I hope for long-term and productive cooperation with Alexander Sevryuk.
